

# Discussion Starters

Below we have prepared some discussion starter questions for use in a parish or group setting. Please feel free to adapt and adjust the questions to suit your local context.

## Sustaining Ecclesial Movements as Evangelising Forces (Presented by Mario Borg)

1. What ecclesial movements operate in your parish - or are you aware of any parishioners who are members of an ecclesial movement?
2. Have you ever considered how an ecclesial movement might strengthen or add vitality to your parish? What are the pros and cons of formalising a connection with an ecclesial movement.
3. Mario spoke about 'sustainability' for ecclesial communities. Which of these can also apply to parish communities? For example, consider the need for accompaniment, managing expectations and encouraging membership.
